03. Admission Information for 'School of Global Open Majors'

1. What is 'School of Global Open Majors'?

School of Global Open Majors is an innovative academic program that combines Korean language education with exploration of various majors. It is designed to help international students successfully adapt to university life in Korea and select a major that aligns with their personal interests and career goals.

2. 'School of Global Open Majors' Program Overview

■ Korean Language & Major Exploration

- **First Year:** Students receive systematic Korean language instruction (reading, writing, speaking, listening) while exploring four academic areas: Humanities & Social Sciences, Engineering & Technology, Business & Economics, and Arts.
- **Second Year Onwards:** Students are assigned to a chosen major and complete the standard degree program alongside Korean students.

■ Self-Directed Career Planning

- Students have a full year to explore majors before choosing one, reducing the pressure of early decision-making. This process enhances alignment with personal interests, increasing academic satisfaction and post-graduation career fulfillment.
- Individual career guidance sessions with a dedicated one-on-one faculty advisor are provided each semester to support major exploration.

■ Korean Language Proficiency Enhancement

- Programs to improve Korean literacy and intensive Korean language courses are offered to prepare students for major-specific coursework.

■ Buddy+ Program

- Interaction with Korean students through the Buddy+ program supports both language improvement and cultural adaptation to life in Korea.

3. Who is 'School of Global Open Majors' recommended for?

■ Students who are unsure which major to choose.

■ Students hesitant to study in Korea due to limited Korean proficiency.

4. Career Paths after Graduation for 'School of Global Open Majors'

■ From the second year, students are assigned to their chosen department (up to three preferences). Upon meeting the graduation requirements of that department, students may pursue careers in diverse fields such as business, trade, design, tourism, psychology, and more.

5. 'School of Global Open Majors' Admission Requirement

■ **Eligible Applicants:** Students wishing to enroll in the Korean-language track studies

※Students with less than TOPIK Level 3 must complete 300 hours of Korean language education in the first year, as required by the Korean Ministry of Education.

■ **Major Assignment:** After completing two semesters, a Major Assignment Orientation will be held to guide students.

04. Tuition & Fees

1. Application Fee

Fee : 80,000 KRW / 67 USD

Payment Method: Kyungsoong University Bank Account

※Bank account details can be found on university's homepage notice board (www.ks.ac.kr/eng→Admission tab→Undergraduate→Notice)

Payment Deadline: Same as application period (refer back to p.3)

※Applicants must deposit application fee with the name or application number. Failure to do so, the applicant may not be eligible for interview screening.

Application fees are exempted for applicants from KSU Overseas Language Education Center and GKS applicants.

Cancellation of Application and Refund of Application Fee

- If a cancellation request is made before the application deadline, the application fee will be fully refunded. Cancellations cannot be made after the application deadline, and application fee will not be refunded unless the reasons are recognized by the university.
- Reasons recognized by the university for refund of application fees include: natural disasters, applicant's hospitalization, accidents or instances where the applicant is unable to take the examination due to reasons not attributing to their own fault, as long as it is proven with documentation and does not compromise the fairness of the admissions process.
- ※In cases of partial or complete failure to submit documents or failure to meet eligibility requirements, the application will be rejected, and application fee will not be refunded.

- English-track Proficiency Requirement: TOEFL iBT 71 (PBT 530, CBT 197), IELTS 5.5, CEFR B2, TEPS 601, NEW TEPS 327, or TOEIC 700.
- Korean-track Proficiency Requirement (fulfillment of one from four options):
 - a. TOPIK level 4 or higher
 - b. For certain programs—such as government-sponsored scholarship students, foreign government-supported scholarship students, students in arts and physical education programs, or international students recruited based on institutional agreements—graduation is possible with TOPIK level 3 or higher.
 - c. Completion of KIIP (Korean Immigration and Integration Program) level 4 or higher, or a pre-assessment score of 81 or above, or completion of at least Level 2 Intermediate courses at Sejong Institute Korean language program.
 - d. Completion of the Special Korean Language Program at Kyungsoo University Language Education Center.

3. Important Notes

Applicants must have completed all levels of regular education equivalent to Korea's elementary, middle, and high school curricula in a foreign country.

- 1) Exceptions for insufficient enrollment periods or semesters (with submission of a statement of reasons and supporting documents):
 - a. When transferring between foreign schools with different academic systems, if the difference in systems results in an unavoidable shortfall of up to one semester (6 months).
 - b. In cases of early graduation or grade acceleration within the same school (grade skipping during transfers is **not** recognized).
- 2) For schools with a 13-year system, education is considered equivalent to elementary school starting from Year 2.
- 3) If schooling was completed online in Korea due to COVID-19, applicants may apply with a statement of reasons and supporting documents.
- 4) Only Academic credentials officially recognized by the government authorities of the host country are eligible.
 - International (foreign) schools in Korea or from schools not officially approved by the host country are **not** eligible.

For foreign nationals whose both parents are non-Korean, it may be difficult to obtain required documents (e.g., certificates of entry/exit records to and from Korea). In such cases, it is recommended to apply under the "Foreign Nationals (both parents foreign)" category instead.

Marriage immigrants must submit both a Certificate of Nationality Acquisition and a Certificate of Marriage Relationship.

English Track refers to an academic program in which both major and general education courses are completed in English; interviews are also conducted in English.

According to the educational laws and regulations of the relevant country, only regular school courses that meet specified academic standards are recognized. Education programs for language study purposes, university preparatory courses, lifelong education courses, adult education courses, correspondence education courses, online education courses, overseas equivalency exams (such as GED in the United States and Canada, self-taught exam in China), and homeschooling are not eligible for admission.

List of countries that uses English as its first language or legal official language is limited to the ones that only specifies that countries information at the homepage of Ministry of Foreign Affairs, Republic of Korea.

Applicants must submit a valid language proficiency test score within the official validity period.

Multiple nationals with Korean citizenship must apply as Korean citizens in accordance with Nationality Act.

Recognition of International (Foreign) School Attendance

- 1) Enrollment periods at international (foreign) schools located in Korea (including schools on foreign military bases) are excluded from the calculation of foreign school education.
- 2) Applicants who completed the entire primary and secondary education in a single foreign country, even if the academic system is less than 12 years, are eligible. However, for those who completed mixed education across two or more countries, recognition will be subject to specific conditions.

School System	Recognition & Conditions	Notes
10-Year or Below	Not recognized	
11-Year	Recognized as equivalent to high school if the final 3 years of primary/secondary education were completed in that country. (If study was completed across two or more countries, at least 11 years of schooling must have been completed to be recognized.)	However, the period of study completed at a university in that country* may be counted as part of the high school curriculum to compensate for the shortage caused by the shorter school system.
12-Year	Recognized	
13-Year or Above	Recognized as equivalent to high school if Grades 10–12 or Grades 11–13 were completed in that country.	

*Shortfall in the school curriculum: The difference in years between the total duration of the foreign country's grade system and the standard one-year duration per grade as defined by the Korean Ministry of Education.
